

## Hooligan Tool

The Hooligan Tool is one of the world's most popular forcible entry tools. These heavy-duty tools were designed to pound, puncture, pry, twist, and cut all types of barriers encountered by emergency service personnel.

The head and claw are forged from high alloy steel, heat treated for maximum strength, then fitted to a 1" (2.5 cm) stress proof bar. The bar has machine grooved non-slip grips. The Hooligan Tool features

a newly designed claw that is gently curved for maximum prying leverage.

The claw opening is parallel and fits over locks, hasps and many door bars. It can also be used as a nail puller and a gas shut off during emergencies.

The new "Highway Hooligan Tool" features a new metal cutting claw with a machine sharpened metal cutter that uses the can opener principle to cut heavy gauge metal and composites.

**APPLICATIONS**

Forcible Entry      Lock Removal      Metal Cutting      Gas Line Shut Off

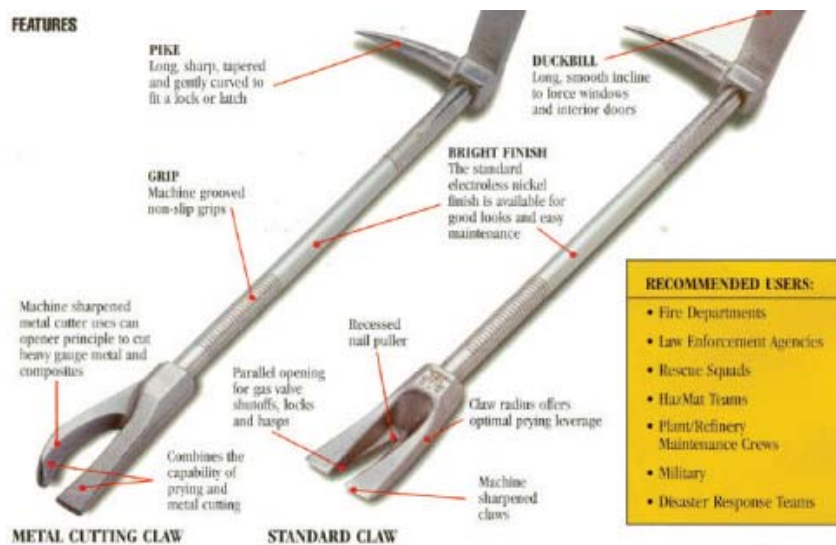

Part No.22-000842 Forcible Entry Tool Carrying Strap/ Clamp Assembly

Part No.22-000842 Forcible Entry Tool

**FEATURES**

- RECOMMENDED USERS:**
- Fire Departments
  - Law Enforcement Agencies
  - Rescue Squads
  - HazMat Teams
  - Plant/Refinery Maintenance Crews
  - Military
  - Disaster Response Teams

**Ordering Information**

Part No.	Description	Claw Type
BG599	24" (61cm) 8 lbs. (3.7 kg) Hooligan	Standard
BG600	30" (76cm) 10 lbs. (4.5 kg) Hooligan	Standard
BG601	36" (91cm) 11 lbs. (5.0 kg) Hooligan	Standard
BG602	42" (107cm) 12 lbs. (5.5 kg) Hooligan	Standard
<b>Highway Hooligan Tools (Metal Cutting Claws)</b>		
BG622	30" (76cm) 10 lbs. (4.5 kg) Hooligan	Metal Cutting
BG623	36" (91cm) 11 lbs. (5.0 kg) Hooligan	Metal Cutting
