

Aluminium Form Holders

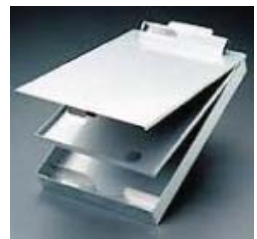

Saunders Aluminium Form Holders

Essential tools for the Police, Fire or Emergency professional. These quality aluminium form holders provide the ability to write information quickly and legibly, a must for your profession. For anyone who has to write and fill out forms in the field, Saunders has the perfect organizational and portable writing tool.

The Citation Holder is a variation of our most popular forms holder and is especially designed for use with traffic violation reports. The citation holder makes writing a ticket easy while assuring top quality writing results. The 3/4" storage keeps completed work from getting lost or damaged and is secured by a positive action locking clip. The Velcro strap keeps the entire unit, along with your forms, securely belted together. A small clip at the top is provided to hold your notes, cards or licenses, while the spring clip firmly holds your citations or other forms.

The Cruiser Mate is the ideal holder when you have to carry different kinds of forms and being organized is a necessity. The Cruiser Mate provides maximum organization of your work for an efficient, professional appearance. The clipboard, which is also the cover, provides a firm writing surface with a rugged clip. The clip keeps forms and loose papers together even with rough use and easily accommodated our Handi-Lite (not included). The clip comes with a removable stainless steel slide on the clamp for notes, cards, drivers, licenses, etc. Separate storage tray (1 1 mm storage) is ideal for completed forms. Another storage compartment (25 mm capacity) is included for different forms, reports, instructions, logs or drawing tools with a handy place for pens and pencils. The easy-open clasp at the end keeps it all together, even when the Cruiser Mate gets tossed around. The cork strips on the bottom keep it where you put it – on any surface, or beside you on the seat of your vehicle.

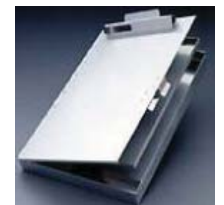

Style A-Holder

The worlds famous Style A-Holder is the most compact and efficient forms holder on the market. This style allows maximum convenience for either left or right-handed persons, as well as for forms printed across the length of the form. The writing plate provides a smooth hard surface on which to write and helps you provide clear, accurate copies, while keeping you from writing through onto the other sets of forms below. The clipboard portion has a strong, steel spring clip, holding about fifty of your unused 3-part sets.

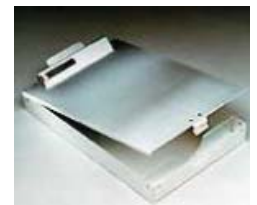

Tuff Writer

Having to carry, refer to, and write on different forms can be tough – the Tuff Writer fits the bill and makes it easy and efficient. This letter size carryall holds up to 25 mm of forms in the bottom compartment plus a pen and pencil tray. The cover of the compartment contains two steel spring clips for the posting of single sheets or important notes, acting as a clipboard inside the holder. The upper compartment is 11 mm deep for loose papers or completed forms up to 350 mm long. The top, of course, is your clipboard, a smooth, hard writing surface with an extra strong jumbo clip that holds from one sheet to 25 mm of paper. On this clip, another steel clip holds a license or important notes. This product is unique because it is hinged on the left side allowing it to open like a book. This gives you easy one-handed operation. The Tuff Writer is manufactured of vinyl-clad aluminium available in either silver or black as standard. The vinyl is a non-reflective and incredibly durable finish, which can be easily cleaned. Double cork strips on the bottom prevent the unit from sliding on a smooth surface.

Redi-Rite

The clipboard on a box. The Redi-Rite is the answer when you need lots of storage space while still being organized. The Redi-Rite cover is a smooth, hard writing surface and provides durable, weatherproof protection for all you carry inside. The easy-open clip at the end keeps everything together, even in rough use. The clip comes with a removable stainless steel slide-on clamp for notes, cards, or driver's licenses. Storage space below the clipboard is for your forms and reports and includes a pen and pencil tray. The Saunders Redi-Rite is handy and sturdy, with just the right thickness 38 mm for a feeling of substance.
