

## Back Country Backpack

SKU# BCN-HR-2201-BK

The Back Country Backpack has the greatest carrying capacity of all the Wolfpack Gear products. With its stuff sack design, firefighters on the go can quickly pack, pull the drawstring closure tight, and be at ease with the water-tight storm flap protection. Equipped with a CamelBak reservoir, this pack offers hydration and storage without sacrificing mobility and comfort. Heavily padded suspenders and belt make traveling easier on the joints. Firefighters will be ready for anything with large pockets for tools, a fire shelter, and covered fuses.

### Features

- > 02 oz CamelBak reservoir with on/off valve included
- > 2800 cubic inches of storage space
- > Improved easy access reservoir compartment
- > Insulated water tube cover
- > Stuff sack design with drawstring closure storm flap for protection
