

Firestream

Petrol Powered Pumpset

GAAM pumps – reliable and tough

The FIRESTREAM portable self priming pumpset has been developed to provide fire protection for Rural Fire Services, Households, Farmers & Councils. An excellent fire fighting asset for use where water is accessed via a pool, Dam, Tank or stream means security in the face of fire as well as being a useful tool for draining, cleaning or general watering.

Features:

- > Aluminium Alloy pump casing.
- > Machined & balanced Aluminium impeller.
- > Mechanical seal.
- > Cast Iron Multi head discharge outlet.
- > Range of options.
- > Flow rates to 360 l/min.
- > Pressures to 620 kPa.

BASIC UNIT

Engine

- > Honda petrol
- > Model GX160.
- > Power rating 4.1 kW @ 3600 rpm.
- > Recoil start.
- > Dry element air cleaner.
- > 3.6 litre fuel tank.

Pump

- > GAAM FIRESTREAM, single stage centrifugal pump.
- > Aluminium impeller
- > Mechanical Seal: Carbon face with ceramic seat
- > Suction: 38mm BSP Male.
- > Discharge: 2x25mmBSP Male, 1x38mm BSP Male.

Pump Engine Assembly

Close coupled, pump rigidly fixed to engine

Discharge Manifold Group

Two 25mm bronze ball valves and One 38mm bronze ball valve, all with BSP male outlets

Priming System

Self Priming

Product Shot

Pump Performance

The total head shown on the performance curve includes suction lift. Therefore the pressure available at the pump discharge flange will be reduced by the "Suction Lift" expressed in kPa (eg. 3 metre lift is equivalent to 30kPa).

Frame

25mm square tube wrap-a-round

Dimensions

590 mm (L) x 430 mm (W) x 425 mm (H)

Mass

26 kg

Options

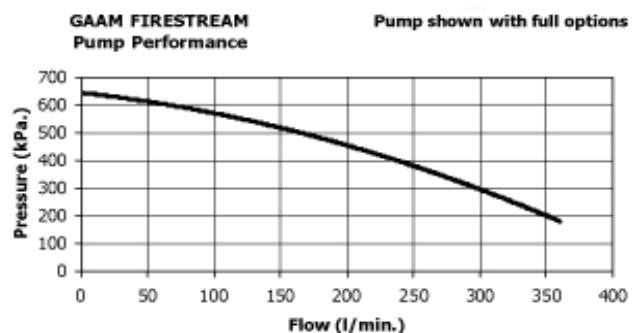

Foam System

Manual - Quenchmaster around the pump Type model SP 301.

Instruments and Controls

Fixed or remote instrument panel. The following instruments and controls are available to be fitted in either instrument panel.

- > Compound gauge
- > Pressure gauge
- > Engine Start Button
- > Tachometer
- > Hour Meter
- > Electrical
- > Battery, cradle and leads
