

## STANDPIPE HYDRANT

### GAAM STANDPIPE HYDRANT

GAAM Standpipes have been designed and manufactured to suit Fire Services and Private Enterprise and are constructed of Alloy and bronze cast, they are also sectional which makes repair or replacement parts easier, both styles come double headed and have BSP thread for easy adaption to coupling style.

### SIZES

Size	Overall Length
Small Barrel	900 mm
Large Barrel	1100 mm

### OPTIONAL EXTRA

Standpipe Key Holder suits most Standpipes
