542R047

## Low Pressure Hose Reels

### FEATURES & BENEFITS

- Space-saving reels enable operator to leave unit in the vehicle compartment for rapid deployment.
- Constructed of heavy-gauge stainless steel for durability.
- Includes high-quality Hurst® 100' low pressure hose assembly.
- Electric models feature a powerful 12V DC motor and include both rewind button and solenoid.
- All units include a 6' jumper hose for connecting reel to power unit.

## Low Pressure Hose Assemblies

### FEATURES & BENEFITS

- NFPA 1936 2005 compliant.
- Meets SAE 100R8 hose requirements for safety.
- Thermoplastic inner tube with aramid fiber-reinforcement, polyurethane jacket.
- 4-to-1 safety factor (20,000 psi minimum burst pressure).
- Includes quick-disconnect couplings with a 1/4 turn locking mechanism to prevent inadvertent disconnection.
- Available in three colors to minimize confusion at the rescue scene.

## SPECIFICATIONS

<b>Description</b>	JL-ER Electric Rewind Hose Reel With 100' Orange Hose	JL-MR Manual Rewind Hose Reel With 100' Orange Hose	Orange 30' Extension Hose	Orange 16' Extension Hose
