

Phantom Jr. Radio Chest Harness

SKU# PJR-HR-3 1 12

Newly redesigned for 2007. The little brother to the popular Phantom Radio Harness is perfect for the single radio user. The unique strap management system reduces loose webbings for a cleaner fit. The thick mesh shoulder harness eliminates tangling and provides maximum comfort. The radio pocket easily adjusts to any size radio and the adjustable utility pocket is fleece lined to prevent scratching of your cell phone or GPS unit. The full size map pocket is now accessible from the top and side with an interior organizer and pen pockets. Mount an optional Quik-Lite for convenient lighting. Wolfpack Gear still includes the exclusive short strap set to mount the harness directly to your suspenders for maximum stability and convenience.
